PROJECT TITLE: Pump House Construction - Hwy 50 and Lake Valley Golf Course

LOCATION: Lake Valley State Recreation Area

DESCRIPTION OF THE NATURE AND PURPOSE OF PROJECT:

Construct a new 4' x 4' pump house and install 1300 feet of electric cable to provide the well house with a reliable source of power at Lake Valley Golf Course. Excavate one trench (using a mini excavator or trencher) measuring 1 foot wide by 1.5 feet in depth. Install a 3' by 3' vault box and construct a cement slab measuring 5' x 6' for the new pump house. Electric cable will be pulled from an existing power vault located behind the clubhouse to the well house. Return all soil removed from the trench as backfill and replace golf course turf. No native vegetation will be disturbed.
